

THE FOUNDER

Randy Richard, 19

Self-taught Sarawakian founder, Miri

Built Sarawak MedChain solo over 7 months. Just shipped a working OTP demo within 24 hours of community feedback. Plan to register Sdn Bhd post first signed contract.

MARKET TIMING (TIER-1 SOURCE)

Minister of Health, 21 June 2026:

"KKM teliti pelaksanaan e-MC, kekang penyalahgunaan sijil cuti sakit"

- Datuk Seri Dr Dzulkefly Ahmad,
via Astro Awani (TikTok @501awani)

THE PRODUCT (WORKING TODAY)

Blockchain-secured medical certificates

Doctor issues -> AES-256-GCM encrypted client-side -> hash on public smart contract -> patient controls access via wallet OR 6-digit OTP -> employer verifies QR in 5 seconds. Audit trail on-chain.
